The SAFE-LIGHT COMPANION

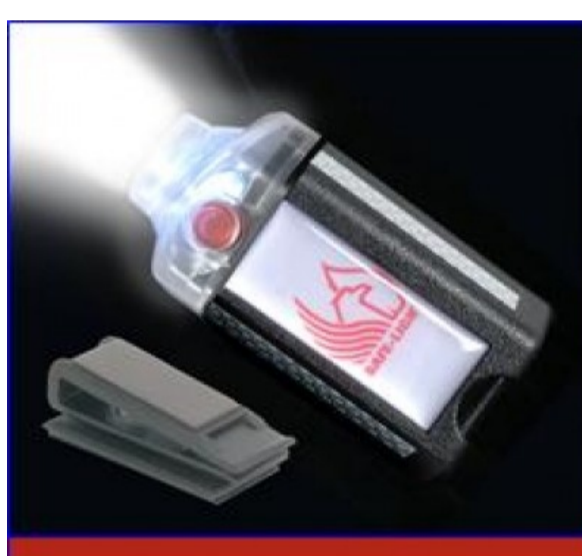

THE PALM 'LANTERN' FLASHLIGHT

This is a No-Frills white beam rugged L.E.D. light. Built of tough polycarbonate that will withstand dropping onto most hard surfaces

This is the flashlight where long power outages can occur, or for camping and outdoor activities, and for those needing a strong beam and reliable, long-lasting light. For work, leisure and personal safety.

Comes with belt clip+magnet

This small, rugged, lightweight flashlight's bright beam will last for over 20 hours and its clear dome head throws out wide-spread light. It will also strobe a distress signal for up to 100 hours.
